

Santa Rosa Climate Change Adaptation Workshop

January 19, 21 & 27, 2021

Workshop Overview:

This 3-part workshop focuses on understanding community vulnerabilities to climate change in Santa Rosa and then developing adaptation strategies to address those vulnerabilities. Participants will also learn how to use some tools that are available for communities to enable climate savvy decision making into the future.

Time: 9am to 1pm each day (*please log in at 8:45am to check technology*)
